

Assignment - Javascript 2 - Another Program

Due Jan 8 by 11:59pm **Points** 10 **Submitting** a text entry box
Available until Jan 10 at 11:59pm

This assignment was locked Jan 10 at 11:59pm.

This is a freeform exercise. I want you to create a simple animation that uses the timer and moves elements around the screen.

Call this assignment animation.html

Again create this in your UID-270e-www working copy and push the code to your Git Repository

Submit clickable links to your code on your ubuntu instance and a link to the git repository.

Some Rubric (3)			
Criteria	Ratings		Pts
Quality of Page	5.0 pts Full Marks	0.0 pts No Marks	5.0 pts
Code Quality	5.0 pts Full Marks	0.0 pts No Marks	5.0 pts
			Total Points: 10.0
