(<https://docs.google.com/a/miamioh.edu/spreadsheets/d/1mbc6gX-Trpn2Y3Z9cVD-iLmrb14ZHVLieWhZaCeQkp0/edit?usp=sharing>)

Make a copy of this google sheet document so you can edit it (use file and make a copy).

Complete EACH line of the file with a comment (you can ignore blank lines). Make a good description of what each line is doing.

Paste a link to this document HERE in the Assignments Page. There is a SHARE button in the upper right corner that lets you get a link that will allow me to see the document. Make sure I have edit rights.

2) Now copy the javascript1.html file to your openstack instance and do the work in your git working copy. Edit the program so that the customers also have a Eye Color Field. Modify the program so that the mouse over displays the Eye Color for each customer. Also add 2 more customers to the list.
